

Vitae

John D. Kemp, Ph.D.

Appointment:

100% Research

Education:

B.S. Chemistry, 1962. University of California, Los Angeles
Ph.D. Biochemistry, 1965, University of California, Los Angeles
NIH Postdoc Biochemistry, 1965-68, University of California, Los Angeles

Employment:

Department of Entomology Plant Pathology and Weed Science 2002-present
New Mexico State University
Professor Emeritus

Plant Genetic Engineering Laboratory 1998-2002
Department of Entomology Plant Pathology and Weed Science
New Mexico State University
Professor

Plant Genetic Engineering Laboratory 1985-1998
Department of Entomology Plant Pathology and Weed Science
New Mexico State University
Director of Plant Genetic Engineering Laboratory
Professor of Plant Pathology

Agrigenetics Advanced Research Laboratory
1984-1985
Madison, WI
Associate Director

Agrigenetics Advanced Research Laboratory
1984-1984
Madison, WI
Acting Director

Agrigenetics Advanced Research Laboratory, Madison, WI 1981-1984
Vice President
Head of Microbiology

Agricultural Research Service, USDA Research Chemist	1968-1981
University of Wisconsin, Madison, WI Professor, Plant Pathology	1977-1985
University of Wisconsin, Madison, WI Associate Professor	1972-1977
University of Wisconsin, Madison, WI Assistant Professor	1968-1972

Scientific Societies:

Phi Lambda Upsilon
Sigma Xi
American Society of Plant Physiologists
International Society of Plant Molecular Biologists
International Society of Molecular Plant-Microbe Interactions

University Service:

Department:

1969- 1974	Secretary of Faculty
1970- 1975	Long Range Planning Committee
1974	Crop Physiology Executive Committee
1975	Crop Physiology Seminar Committee
1975	Cellular and Molecular Biology Training Grant Colloquium Committee
1979	Curriculum Committee
1987- 2002	Molecular Biology Program Committee

Campus:

1979 - 1981	Biohazards Committee
1980 - 1981	American Cancer Society Institute Grant Committee
1986 - 1998	University Research Council
1993 - 1999	Building Committee, Center for Sustainable Development of Arid Lands (Skeen Hall)
1994 - present	NMSU Institutional Biosafety Committee (IBC), Chair
1999 - 2002	Electron Microscope Facility Use and Guidance Committee

Regional:

1985 - present Southwest Consortium on Plant Genetics and Water Resources,
Chair, Steering Committee

Honors and Recognitions:

NSF Fellowship (undergraduate), 1961.

U.S. Public Health Service Trainee, Biochemistry, 1964-1965.

NIH Postdoctoral Fellow, Department of Biochemistry, University of Washington,
1965-1967.

Organizer of the 2nd Annual Mid-West Crown Gall Conference, Madison, WI,
November 1981.

Organizer of the 5th Annual Mid-West Crown Gall Conference, Madison, WI,
December 1984.

Appointed by Dr. Lyng, Secretary of Agriculture, to the U.S. Department of
Agriculture's Agricultural Biotechnology Research Advisory Committee, Spring
1988.

Name plaque in permanent display of the History of Genetics at the Smithsonian
Museum, Washington, D.C. for first plant-plant gene transfer.
